Mr. Brian R. Cooper

Clinton, Mass. 01510

Dear Brian:

We are pleased to advise you that your employment as a professional trainee has been approved by the Boy Scouts of America and the Executive Board of the Nashua Valley Council.

Your signature on all copies of this letter will indicate your acceptance of this position with the following terms of employment:

You will assume your duties with this council in a Class 1 position on November 1, 1980 with an annual salary of \$11,000, payable in equal installments on the 15th and last day of each calendar month. Salary adjustments, if any, will be determined by the Council Executive with the approval of the Executive Board.

You will be responsible to the Council Executive, and will serve as a professional trainee until successful completion of the National Executive Institute, normally within three months from date of employment. During the professional trainee period, employment may be terminated by either party upon two weeks written notice stating the reasons for the termination.

The Council will reimburse you for the expense of moving from Clinton to the district you will serve provided the estimate has been approved in advance by the Executive Board or its authorized representative.

You will be offered and are encouraged to enroll in the employee benefits program of the Boy Scouts of America which includes basic and supplemental life insurance, a major medical plan, long term disability, accident insurance, and a basic and supplemental retirement plan, and to contribute to the cost of such programs to the extent determined by the Executive Board. You are also encouraged to participate in the fellowship of the Scout Executives' Alliance.

You will be reimbursed for authorized expenses by submitting expense statements monthly to the Council Executive for review and approval.

A Member of Clinton Community Chest, Fort Devens Benefit Fund,
Mass. Boy Scout Fund, United Fund of Greater Boston, United Fund of Lancaster

CONF005559

The Council will provide you with an insured council-leased automobile for which you will be personally responsible while it is assigned to you. For the privilege of using such leased-auto for personal driving, you will reimburse the council \$15.00 flat rate per month, plus ten cents per mile of personal driving. Details of the plan are in a separate "Leased Auto Agreement."

After April 1, 1981 you will be allowed ten working days vacation, annually, with pay. Allowable vacation time increases with tenure as outlined in the Compensation and Benefits Guide.

Upon completion of the National Executive Institute and the issuance of a commission by the Boy Scouts of America, you will serve as District Executive. After commissioning, employment may be terminated at any time by either party upon 30 days written notice, stating the reasons for such termination. At council option or upon your being decommissioned as a professional Scouter, the 30 days notice may be waived by payment of one month's salary, plus compensation for any unused and/or accrued vacation, less any outstanding amounts due the council.

In earning and receiving your commission as a professional Scouter, you agree to work cooperatively with your fellow professionals and the duly elected or appointed officials of the council in accordance with the policies, practices, regulations and charters and by-laws of the National and Local councils.

Based on your position description and standards of performance, a review of your performance will be conducted by your supervisor at least once a year.

For personal and professional growth, you will be given the opportunity and will be expected to participate in regularly scheduled training conferences, courses and seminars and, subject to Executive Board approval, will be reimbursed by the council for your expenses.

In accepting this employment, you agree that you do not, and will not, have any material outside interest, direct or indirect, which might create or be construed to create conflict with your duties and responsibilities with the Boy Scouts of America.

We extend a most cordial welcome to you as you undertake your new responsibilities and look forward to a long and successful association.

Sincerely yours,

Dear Paul,

Brian R. Cooper is registered in Shirley, Mass., served by Nashua Valley Council, #230. For reasons to follow, he will be denied registration in this Council until pending legal action is concluded.

In May, I was visited by a Sergeant from the Shirley Police requesting information on Mr. Cooper who was wanted by then for child molestation. He had left Shirley "in the middle of the night" per the police. They had traced him to Winchendon where his son is registered with our Troop 35. We were led to believe he might attempt to register with that Troop, hence my letter.

At the moment, I doubt we can supply documentation to justify your refusal of registration. So far as I can determine, any proceedings have yet to run their course. Additionally, since Mr. Cooper is not registered or active here but rather in Nashua Valley, there seems to me some question to the propriety of my placing Mr. Cooper on the Confidential File. I will, however, discuss this with Steve Montgomery, Scout Executive in Nashua Valley.

The time lapse has been caused by our not yet having information to supply, as well as the question posed above.

Sincerely,

Richard Bielefield

I wrote to you on May 25, asking that you send me a Confidential Record Sheet for the above named individual, so that we could identify him should he attempt registration anywhere else in the country. So far, I do not find this form in our files. I am enclosing another form for your use in compiling this information.

I would also like to know why Mr. Cooper should not be registered. I need some explanation that would give us documentation for refusing registration should he attempt it.

Dear Dick:

Thank you for the material you recently sent concerning Mr. Cooper. We had written to the National Office and I was ask to respond to his letter related to whether or not women could now be registered in Scouting and also about the approval of volunteers. You received a copy of my letter related to that.

I was not aware of why Mr. Cooper could not be registered in your council since we had nothing in our file related to this. You indicate some legal action against Mr. Cooper in Clinton, MA. Can you give me more information concerning this? If he had done something that would cause him to be placed on the Confidential File we would like more information. A decision would then be made in this office as to whether he could be refused registration anywhere in the country. I am enclosing a Confidential Record Sheet which I would like to have completed, so we can identify Mr. Cooper. We would also like to have newspaper clippings, court records, or statements which would help to substantiate what the charges are at this time.

Thanks for your help.

Dear Mr. Cooper:

I have been asked to respond to your letter of February 5, concerning our registration policies.

The policy of the Boy Scouts of America, at the present time, is that any individual who meets the requirements can register in any position with the Boy Scouts of America. This means that any male or female may register on the unit level, the district level, the council level, or the national level without exception.

We have always had a policy whereby the chartered organization and the local Scout committee does the selection and approval of the volunteers within that organization. It has been felt that they know these people better and can make better selections, in order to secure qualified leadership for the youth in that community.

Revisions have taken place with the adult application, so that more information is now secured to enable the unit committee and the chartered organization to make better selections of leadership. We do believe that this will help to make certain that people of good moral character are involved with the youth of today.

Thank you for your interest in the Boy Scouts of America.

Dear Paul,

If a Brian Cooper should offer his services to Troop 35, he cannot/will not be registered with the B.S.A., nor should he be allowed to meet with Troop 35.

It is my understand that legal action may be pending against Mr. Cooper in Clinton, Mass. Registration will not be granted until allegations are cleared.

B.S.A. registration is a privilege, and is not automatically granted to everyone who applies. We refuse registration whenever there is a concern the individual may not measure up to the high standards of membership the B.S.A. seeks to provide for American youth.

Dear Sir:

A Real Trooper

Scout's honor" just acquired some new dignity. Catherine Pollard was the unofficial scoutmaster of her son's troop from 1970 to 1974. She was the unanimous choice of the boys but had to step down because the Boy Scouts barred women scoutmasters: "They told me it took a male to build character. Ha!" The Scouts have finally changed their tune, and Pollard, a band teacher in the Derby, Conn., schools, is going back on patrol. She drives a tractor and a motorcycle and says, "My husband called me Queen Bee because all the kids clung to me." No wonder.

MAKING BUZZ
Come blow your horn: Pollard

I am writing to inquire regarding an article I found in a national publication (copy enclosed). I am a former professional/volunteer scoutmaster and am aware of previous policies regarding women in the Scouting movement.

① In regards to this article, is the National Board allowing women Scout leaders on a case by case basis or is there an overall policy change? In many cases, it would seem that women can be good role models, as well as men especially in their sleep of equality.

② Also is there going to be any changes in approval of volunteers to screen out persons of questionable moral character (abused, alcoholics, etc.)

The movement is suffering immensely
priority in situations of men who
are leaders and committing immense
acts or are obvious bad role models
for youth (their problems are known
in the community). (couldn't a
background check reference be a
matter of policy - too many charters
organizations don't beg a close contact
with their scouting units operation
and/or leadership qualifications.

Then advise me of these
current issues as my wife and I
have been active in Scouting (though
not presently) and we have 3 sons
who are in our town's troop.
Thank you for your time.

Yours in Scouting,
Brian - Cooper
