Dear Mr. Ernst:

To relate the information as it is known by me on the subject of Dale Thomas Brant, will not take much space. In 1986 the Troop 137 asked me to attend a troop committee meeting, because of gossip in the small community of New Manchester, West Virginia about Dale Thomas Brant. At this meeting his mother and Dale himself were present, and everything was just praise for his work. It was decided that the troop committee find out who is spreading these rumors and get them to stop. The Cub Pack received the blame for starting these rumors, that Dale Thomas Brant was a homosexual. The following month I approached the pack adult leaders, very carefully, to find only that they thought very highly of Mr. Brant. Everything calmed down for about four or five months. Then the committee asked for my presence again at an Eagle Court of Honor. While attending the Scoutmaster and one other committeeman insisted that the council must do something about Mr. Brant. He ran the Troop Court of Honor that night and I returned their questions with questions of my own. What has he done? No one gave me an answer, except he doesn't date girls, he takes scouts from the troop to movies. Has he made any advances towards these scouts was answered with, we don't know.

Finally months later they asked that I go talk with [REDACTED]

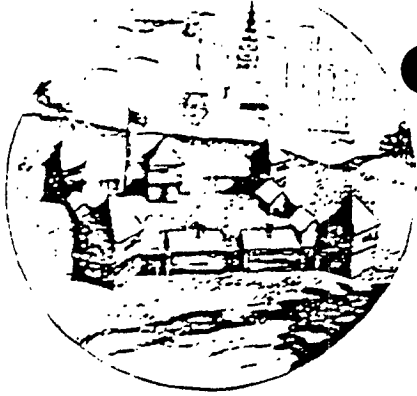

[REDACTED] This surprised me very much because Dale Thomas Brant worked at the time for this company. He gave me information contained in the letter from [REDACTED]. In turn I made available to Mr. Newbrough the law in West Virginia concerning the report that should be made to the State Department of Human Services. My action was taken one week later by personally handing him the letter from Council President and myself. Also I notified the Big Brother Program that Mr. Dale Thomas Brant had been involved with that it would be unwise to pair this individual with a little brother. Currently, he is not involved in either program and he has accepted this fact without a challenge.

Sincerely,

To Whom It May Concern:

When my parents told me about Dale getting thrown out of Scouts, U.S.A. wide, I think that is the best thing to do and I will back it. You need to know what he did to me and I will tell you. I first met him when I was about 12 because I liked to play a game called dungeons and dragons and my mom said she knew somebody down where she worked and he played that game. So when I met him we was good friends. I knew him for about two months, when he started to have me stay the night alot and then he told me that he had sex with another man & I didn't know how to act and he said don't worry about it because nothing would ever happen between us. So I figured it would be okay. The Christmas night I stayed the night at his house and he said he wanted to celebrate so he went to the store and bought beer and got me drunk and then when I was asleep and he pulled down my pants and tried to give me a blow job. And I got up the next morning and he acted like nothing happened. And after that every time I stayed he tried the same thing. He would bring home pornographic movies and try to get me siked up and he tried to take a shower with me and I forced myself out of it. I always had to force myself away from him, he tried all of this several times, he always got me drunk, and finally I told my parents about it. Please kick him out of scouts before it happens to some other innocent kid.

Thank You,

Dear Jerry:

I really appreciated the information which you sent me back in May of this year. This was most helpful to us and we have set up the beginning of a confidential file so that we may refuse registration should an attempt be made by Mr. Brant.

I really need more information concerning this whole situation. It sounds as if something happened in 1987 which brought about this individual's dismissal. The letter which you sent seems to indicate that something happened several years ago.

Please tell us what occurred in 1986 or 1987 which caused the dismissal from Scouting at this time. This will help to strengthen our file and make certain that registration can be refused anywhere Mr. Brant might move and attempt registration.

Please help us to complete this file and protect the youth of America.

Sincerely,

Paul Ernst, Director

Dear Jerry:

Thank you for the information which you have previously sent concerning the above-named individual. As I indicated previously, the Confidential Record Sheet is most complete and will be helpful to us in identifying him should he try to register in some other location.

We would really like some statements from other individuals or other facts which would help us have a complete case. Why did he get dismissed from Scouting at this time in 1987? The statement you sent us apparently dates back quite some time.

If you can give us more facts concerning a current situation, this will be most helpful to us in making certain that our file is complete enough to refuse registration anywhere an attempt might be made.

Thanks for your help in this matter.

Dear Jerry:

Thank you for the material which you recently sent us concerning the above-named individual. This is most helpful to us and will begin to establish a file which will lead to refusal of registration attempts should any occur in the future.

The Confidential Record Sheet is quite complete and will enable us to identify Mr. Brant should he move to some other location. We would like, however, to have any other information which you might have that would help to substantiate our refusal. Perhaps you could tell us if other individuals came forward with concerns related to Mr. Brant.

If you have any statements from other individuals or other facts which would help to provide us with a more complete case, please send this material to us.

Thank you for your help in protecting the youth of America.
