Dear Al:

Some things never die. The above named individual has been on our files, since December 1987 and we have never received any information from the council that would enable us to set up a file.

Perhaps, you can tell me whether we should just cancel this file at this time. There was never any specific information given that would be of such consequence to give us reasons for refusing registration.

We have written to the council on numerous occasions, but never had a response. Perhaps, you could send me a note and indicate what I should do. I will cancel this file if you indicate that is the direction we should go.

I hate to bother you again, but I still have nothing from Council No. 265 related to the above named individual. My original information was two years ago when you called me indicating a possible Ineligible Volunteer file case on David Reeves. You said the council would send material and although we have written on numerous occasions, we have received nothing that would help us to build a file. We really need to know the direction to go.

Please let us know if you can help us. Otherwise, we will drop this matter at this time.

Dear Al:

I really hate to bother you again, but this name has again come to the top of our stack. I still have not heard from Council 265 related to this situation, even though the council called us in February of 1988 indicating that this individual had been charged with sex abuse. I certainly feel uneasy that he is not on our Confidential File, since we do not have information to keep him there.

I really need the outcome of the legal action so that we have substantiation for our refusal.

I would also like to have a Confidential Record Sheet completed so that we can identify Mr. Reeves. I don't have anything here concerning him in our office. I am enclosing another confidential Record Sheet to see if you can have it completed by the council.

Thanks for your help.

Dear Floyd:

We received a telephone call, in December of 1987, concerning the above named individual. This call came from the Area Director. At that time it was indicated that there were some sexual abuse charges against this individual.

We have not heard from you since that time even though we did write in February and again in May. We must have a Confidential Record Sheet, if we are to identify this individual and refuse registration should it be attempted in some other location. A copy of some paper with Mr. Reeves' signature would also aid in the identification process.

We would like newspaper clippings, court records, or statements from individuals which would substantiate these charges. It is most important in today's world that we have everything in file as soon as possible. Thank you for helping us complete this file.
