Dear Mr. Mayne:

Please be advised that I represent Luther Wavne Hester and have represented Mr. Hester in a certain dispute dispute. In connection with that concerning alleged sexual abuse of by Mr. Hester. These allegations have been unsubstantiated by the Department of Social Services and the courts and Mr. Hester has been absolved of any and all alleged wrongdoing in connection with these allegations.

Mr. Hester has brought to my attention your letter to him of September 19, 1989 which was hand delivered by you to him on November 1. I understand that the basis for this letter was an anonymous letter raising these allegations which have been fully and completely refuted in the Mecklenburg County Juvenile Court. I find it hard to believe that you would take action against Mr. Hester without more fully investigating the circumstances surrounding these allegations. I would recommend that you make an appointment with me to go through my file concerning this matter so I can prove to your satisfaction that the allegations against Mr. Hester have been shown to be untrue and without legal basis. If you do not wish to confer with me on the matter you may call Dr. William Tyson, the Court-appointed psychologist who investigated these charges and found them to be untrue. If Dr. Tyson's word is not sufficient I am sure that Judge Marilyn Bissell, the presiding judge, would be happy to enlighten you further.

I hope that you will reconsider your actions as evidenced by your letter of September 19 before further intervention on my part becomes necessary.

Very truly yours,

CASSTEVENS, HANNER, GUNTER & GORDON, P.A.

Dear Paul:

I have not heard from you since our telephone conversation of December 29, concerning the above named individual. We wrote you in February, without further response.

I am enclosing a confidential record sheet which I must have completed so we can identify Mr. Hester, should he attempt to register at some other location with the Boy Scouts of America. Please complete this with as much information as you have available. A copy of a paper with Mr. Hester's signature would also aid in the identification process.

If you have not already written a letter suspending Mr. Hester, we would suggest that you do so immediately. This is most important if we are going to prevent further legal action should anything happen after we know of the facts in this matter.

I believe we must work together to protect the youth of America. Please do not hesitate to contact me if you have any questions or problems with which we may be of help.

Dear Mr. Hester:

After careful review, we have decided that your registration with the Boy Scouts of America should not be accepted. We are therefore compelled to request that you sever any relations that you may have with Boy Scouts of America.

You should understand that BSA leadership registration is a privilege and is not automatically granted to everyone who applies. We reserve the right to refuse registration whenever there is a concern that an individual may not measure up to the high standards of leadership which BSA seeks to provide for American youth. Please also understand that this decision and the reasons for it will be maintained as confidential.

If you wish to have this decision reviewed, please write to me, explaining your version of the facts supporting your claim that your registration as a BSA leader should be granted or reinstated.

Dear Paul:

We had a conversation on December 29, concerning the above named individual. At that you indicated you would send us more information and prepare a letter to suspend Mr. Hester from registration with the Boy Scouts of America. I have not heard from you since that time.

In order for you to better understand what I have in my file, I do have information from the State of North Carolina, County of Mecklenburg, which indicates that has been abused in some way while spending weekends. We also have a statement from the social worker indicating that has admitted to inappropriately fondling a child from This is a notarized statement which we received.

We still feel that Mr. Hester should not be registered with the Boy Scouts of America, and that we should place him on our files as soon as possible in order to make certain that he does not become involved with a youth who is registered and, therefore, cause us serious problems.

Thanks for your help in completing the confidential record sheet which I am enclosing.

BOY SCOUTS OF AMERICA

December 22, 1988

Mr. Paul Ernst National Council 1325 Walnut Hill Lane P. O. Box 152079 Irving, TX 75015-2079

Dear Paul:

This week, I received a letter from you requesting that the Mecklenburg County Council suspend Luther Wayne Hester from registration. You advised that this should be done because you had "received information" that he should not be registered with the Boy Scouts of America. My purpose in writing to you is to attempt to clarify this, an apparently new registration policy with the Boy Scouts of America. As I understand it, it has previously been National policy that local councils could determine that persons should not be registered with the Boy Scouts of America and could so advise the National Office; this is the first time I have seen the process work in reverse. It may very well be that I am simply unaware of this system being used, but I must admit that it has taken me quite by surprise.

In no way am I questioning whether the individual should or should not be registered with the Boy Scouts of America. On the other hand, I am unwilling to move to withdraw his registration until I have some facts in hand as to why this should be done. You can appreciate the fact that it puts me and the Mecklenburg County Council in an extremely uncomfortable, and possibly illegal, position to remove somebody on the say so of a third party many miles away. If your office has received information which led you to this conclusion, I would expect that, at minimum, this would be shared with me and the local council would be involved in this decision.

I regret that I must decline to take any action on this matter until I receive clarification from your office as to the policy involved, and the reasons for your request. Please understand that I am not trying to be difficult in this matter, but all of us must make sure that we are on solid ground in acting in such cases. I look forward to hearing from you with further information.

Sincerely,

To Whom It May Concern:

Awhile back I came across a court case so bizarre and so terrible that it needs to be made public knowledge. The case involves one of your assistant scout masters in Charlotte, N.C. There is almost proof positive that the man is a child molester. He is in at the present time with over (a 12 year old). Is the child's natural mother. The child and his mother time with over have been in counceling for some months due to the trauma caused by this man. The man's name is Luther Hester, and he is an assistant scout master at a church on Shamrock Dr. in Charlotte, N.C. Mr. Hester is highly suspected of molesting The persons involved with the Boy Scouts at the same church are aware that Mr. Hester is suspected of child molesting, yet they still allow him to work with young boys. Let this be known, If anything happens to any of the children involved with the boy scouts in Mr. Hester's troup, it will be made public that the Boy Scouts of America had knowledge of this situation and still allowed him to work with children.
