SUBJECT: Michael Smith

Dear Hollis:

During the year of 1986 we received, on a couple of occasions, information concerning the above-named individual. We felt this information was substantial enough for us to refuse registration should attempts be made.

We enclosed a Confidential Record Sheet which we asked to be completed, so that we could identify Mr. Smith should he move to some other location and try to register. Since this is a very common name, we need as much personal information as possible in order to make certain that we would recognize him should he try to register.

We are enclosing another Confidential Record Sheet which we would like to have completed. This information is most necessary if we are to complete our file and have the necessary information for registration refusal.

Thanks for your help in protecting the youth of America.

Sincerely,

Paul Ernst, Director

Dear Hollis:

Earlier in the year we received information that the above-named individual had been arrested and convicted for indecent exposure. We feel that this would substantiate our refusal of registration attempts.

I am enclosing another Confidential Record Sheet which I would like to have completed so that we may identify Mr. Smith. This information is most necessary if we are to complete our file and refuse registration attempts from anywhere in the country.

If you have any other information which you feel would be helpful to us and should be in our files, please do not hesitate to send it.

Sincerely,
