Dear Paul:

Enclosed are two items for your review. First is an application for public records requested by Robert E. Putney, Jr. which he provided me. The no record indication is in Polk County only but this document contains his full birthdate, Social Security number and signature which you had requested sometime ago. The second enclosure is the request to the Pocohantas County courts for a copy of there record status. I learned that the major charge was dropped when he pleaded guilty to indecent exposure, resulting in a suspended jail sentence, court reimbursement and parole. I will forward a copy of the document when I receive.

Robert called me to request reentry into the BSA during the exact time period that I was following up on your request. I told him that I would have to look into the matter. He responded by offering to apply for a record check and provide it to me. Later that afternoon he walked into the office with the public records document. When he showed it to me I noted his signature and other information. When I asked for a copy he provided me the original and asked that I provide him with a copy.

I have not agreed to permit him to register. I feel that I could arrange to have the application turned down at the unit level in the event he submits an application. We will not approve the application should it reach our office.

Your thoughts on this matter would be appreciated.

Warmest Regards,

A. Ely Brewer, Jr.

Dear Ely:

Periodically, we follow up on all of our confidential file cases, which are not complete.

We would like to have the outcome of the legal action if it has been completed. It has been almost a year now since Mr. Putney was arrested, and we wondered if this had not been settled. A copy of a newspaper clipping, or court record that would indicate his conviction and sentencing would be most helpful, if that has taken place. If, as you indicated that there was no pursuit of legal action, please give this to us in writing and we will then close the file.

Dear Ely:

Thanks for your letter of January 25. Please do not pursue a signature of Mr. Putney. We only wanted this if you had one in your file on a adult application or an advancement report. This is a type of information that does aid in the identification process when necessary.

We will want the outcome of the legal action once it is completed. This is a necessary item if we are to have a file strong enough to refuse registration anywhere in the country. Please keep us informed as any other action takes place.

Thanks for your help.

Dear Paul:

To date there is no outcome of legal action regarding Robert E. Putney, Jr. Although I understand a strong case is indicated; pursuit of conviction is light.

I do not have a signature sample of Robert Putney. I feel that seeking a signature would bring more questions to our motives than we deserve, therefore, I recommend that Robert's signature not be pursued for fear of bringing the Boy Scouts into the case.

Your letters of October 26, 1988 and July 21, 1988 use the terms that you would "like to have" signature/status of the person and case. I have purposefully stood on the fringes of this question so that the Boy Scouts would not be brought into the process. If you need the signature I will get this for your records.

Dear Robert:

After careful review, we have decided that your registration with the Boy Scouts of America should be suspended. We are therefore compelled to request that you sever any relations you may have with the Boy Scouts of America. A refund of your registration fee is enclosed.

You should understand that BSA membership registration is a privilege and is not automatically granted to everyone who applies. We reserve the right to suspend registration whenever there is concern that an individual may not measure up to the high standards of membership the BSA seeks to provide for American youth.

If you wish to have this decision reviewed, please write to me within 60 days of the date of this letter, explaining your version of the facts supporting your claim that your registration as a BSA member should be reinstated. The procedures for review are attached.
